

Revolutionary Productivity Tools for Macola

PRICE LIST October 31, 2011

*All software works directly with your Macola software and does not require Macola Flexibility.
All software works with both Macola Progression and Macola ES unless noted.*

PULSE DASHBOARD Realtime Data Management Suite

PULSE Dashboard & Reporting Software digs deep into your Macola database to pinpoint opportunities to reduce backlogs, optimize inventory, reduce costs and increase your profits.

▶ PULSE DASHBOARD MANAGEMENT SUITE	Executive Module, includes 5 users	\$5,000
	Additional users, each	\$ 300
▶ ADDITIONAL DASHBOARD MODULES	Customer Service / Shipping	\$ 800
	Sales and Marketing	\$1,500
	Financial Control	\$1,000
	Inventory	\$1,500
	Inventory ABC Class Generator	\$ 800
	Purchasing	\$ 800
	Production Control – POP	\$1,500
	Production Control – Shop Floor Control	\$1,500
	MRP	\$1,500
	Designer	\$1,500
▶ PULSE DASHBOARD INTRODUCTORY SUITE	Executive Module, includes 3 users	\$3,000
<i>(Requires \$2,000 upgrade to 5-user Executive module before adding additional users)</i>		

PULSE LOCKBOX Bank Lockbox System Integration

PULSE Lockbox eliminates manual keying of customer remittances by importing your bank's file of cash receipts. Our dashboard lets you see that each receipt was properly matched to your accounts receivable file before posting.

▶ PULSE LOCKBOX	<i>(requires custom programming and testing for bank interface, additional cost)</i>	\$5,000
------------------------	--	----------------

PULSE eCOMMERCE Automated Website Order Import

PULSE eCommerce software totally eliminates manual re-keying of e-commerce customer orders by importing them directly from your web site or web-based EDI service. After shipping, it updates your web site with shipping tracking numbers or creates advanced shipping notices (ASN) for improved customer service.

▶ PULSE eCOMMERCE	<i>(requires custom programming and testing for web interface, additional cost)</i>	\$5,000
--------------------------	---	----------------

NEW! PULSE ARCHIVE Utility Scheduled Data Archiving

PULSE Archive utility speeds up your Macola processing by archiving unneeded data. Establish a retention policy for each of your major Macola data files and this utility automatically removes unneeded data and moves it to your Macola archive database. Archived data can be accessed at any time into the future using standard Macola screens and reports.

▶ PULSE ARCHIVE		\$2,500
------------------------	--	----------------

PULSE UTILITIES Quick, Easy Solutions for Macola

ACCOUNTING UTILITIES

- ▶ **General Ledger Journal Entry Import** **\$1,500**
Create all of your monthly journal entries in Excel and export them to your Macola General Ledger software. (For Macola Progression only)
- ▶ **Create/Maintain General Ledger Budgets using Excel** **\$1,000**
Import your budget from Excel using multiple cost centers and cost units. (For Macola ES only)
- ▶ **Positive Pay Check Fraud Prevention** **\$1,200**
Extract check data from Accounts Payable and transmit it to your bank's Positive Pay department.

CUSTOMER SERVICE UTILITIES

- ▶ **Create/Maintain Customer Price Code File using Excel** **\$1,000**
Maintain any of the eight Macola price code records using Excel. It also allows you to purge expired price code records.

GENERAL PURPOSE UTILITIES

- ▶ **All-in-One Import/Export Utility** **\$2,200**
Make mass changes to any of the major Macola files.

INVENTORY/PRODUCTION UTILITIES

- ▶ **Create/Maintain Item Master and Item/Location files using Excel** **\$1,000**
Eliminate hours of tedious keying and proofreading by using Excel to make mass changes to these files.
- ▶ **Create/Maintain Bills of Material using Excel** **\$1,000**
Eliminate hours of tedious keying and proofreading by using Excel to maintain your product structure file.
- ▶ **Change due dates of released production orders** **\$1,000**
Change the due date of any released, printed or partially reported POP production order.
- ▶ **Create POP production orders using Excel** **\$1,000**
Eliminate hours of tedious keying by using Excel to create POP production orders.
- ▶ **Sales Forecast Import into MRP or Master Scheduling** **\$1,400**
Eliminate manual keying of your sales forecast. Create your forecast in Excel and export it to MRP or Master Scheduling. It also interfaces with ForecastPro.
